1.6 Describe the mechanism implemented to ensure that the quality of ODL programmes matches with the quality of relevant programmes in conventional mode:

1. Admission process: As per the conventional mode UPRTOU also adopts the same process of admission. All learners can take admission logging to the university website. In case of professional courses like MCA, MBA, B.Ed., B.Ed. (Special Education) where regulating bodies has mandatory condition for taking admission through entrance test, the same is adopted by the University to maintain the sanctity of the program whereas for common courses no admission test were conducted. There is a provision of direct admission in general courses offered by the University. 2. Counseling Classes: Counseling classes of 2 hour duration each were organize in the university as well as in the regional centre and study centers for the learners depending upon the course credit. The mode of counseling includes Face to face counseling sessions, Teleconferencing, Laboratory based counseling, Internship, Workshops, Field study, Seminar, Extended Contact Programme (ECP) and personal contact programmes and induction programme. The counseling classes mode of delivery maintain the same standards as classes held by convectional universities. 3. Faculty: The faculty posses the same qualification level as needed in the conventional mode. Same hierarchal mode for faculty member with Director heading the school and Vice Chancellor the head of University. Here Self learning Materials are provided to the learners which also works as a teacher. These SLM are designed in a special manner making learners understand the topic. Detailed strategy plan related to On-line course delivery, if any including learning materials offered through On-line and learner assessment system and quality assurance practices of e-learning programmes 4. Self Learning Material Curriculum matters mainly because of its potential impacts on students. In UPRTOU the fundamental purpose of curriculum development is to ensure that students receive integrated, coherent learning experiences that contribute towards their personal, academic and professional learning and development. All courses and topics were designed, developed and delivered within a framework which comprises a specified curriculum, specified assessment arrangements, and clearly identified educational aims and learning outcomes. On the basis of these objectives courses are designed and after finalising of syllabus form the School Board and Board of Studies and approved by Academic Council and Executive Counsel self learning material were written. For writing work of self learning material, a team of experts were selected from their respective field. They writes the Self learning material following the strict guidelines provided by university. This is followed by editing of material. The editing of the material is done by the eminent professor who checks the various dimension and assures that there is quality content for the learners. The last stage is of Vetting were an expert of Open distance mode assure that the content of SLM is properly balanced and can be easily understood by the learners. Print based SLM: SLM are in digitized form and available in website for learners Audio/Video: Many lectures of the various courses are available online. Online Material: The links of the various OER are made available to the learners through website. Highlights of Self learning material is: • They provide a framework which is clear and coherent to the learners • Every Unit of the SLM started with the specific Objective for the course study. • Incorporating 'Check your Progress' after every section facilitate the learner to self evlaute himself/herself and understand the philosophy of the course of study. • After the end of the Unit, there is a provision of Terminal Questions. 5. Examination &Evaluation Process: The various continuous assessment methods/tools adopted by the University are: Text Questions, Multiple Choice questions and OMR. The Term-end/Semester End examination is being practiced in both objective/ descriptive. The examination form is also filled at the time of Online Admission. So there is no need to fill extra examination form. However, only back students will fill the examination form (offline) separately. There is no examination fee as it is already included in admission fee. The duration of Term-end examination is 3 Hours. The duration is linked with Credits of the course. The examination centers are identified as per UP Government norms for setting examination centers. The University also seeks external help in evaluation of answer scripts. A panel of internal/external subject expert is prepared by school which is finally approved by Vice Chancellor of the University. The evaluation process comprises of following components. Some components are compulsory whereas some components depend upon the necessity of chosen program. (a) Assignment: Assignments constitute an integral part of continuous evaluation system. It carries 30% weight-age of total marks of each course of a programme. Submission of assignment is compulsory. For efficient evaluation, the structure of assignment papers is fixed. It is divided in section A and B. All the assignment papers are available only through university website only. Provision of assignment papers has been withdrawn from certificate, diploma and PG Diploma programmes except PG Diploma in Computer Applications (PGDCA) and PG Diploma in Journalism &Mass Communication (PGDJMC) because of the modular approach adopted in PGDCA and PGDJMC. (b) Project work: Some programmes also have project components. For project work, study centers provide the necessary guidance and supervisor and the learner has to manage his/her own resources for complete it. For project

work, the assessment is based on credit of the Project work. Project work has been withdrawn from all the programmes except professional programmes. (c) Viva & Practical Examination: Viva & Practical fulfill dual purpose, namely serve as integral part of continuous evaluation system and serve as a channel of communication to check the in-depth knowledge between the learner and examiner. The main purpose is to test learner's comprehension of the learning materials supplied and to help them in getting through the course. Practical are held only at designated study centers. In supervision of Study Centre Coordinator, the practical assessment is done by both External and Internal subject expert. The practical assessment is carried out of 100 marks (70 marks for external and 30 marks for internal evaluation) for 4 credit course. (d) Term-end examination: Term end examination is the final step of continuous evaluation system. It carries 70% weight-age of total marks. Term end examinations are held twice a year in the month of June & December in accordance with the semester/annual pattern With effective use of ICT University implemented following reforms in evaluation process. Decentralized evaluation is started in university regional centers. Practicals are scheduled after the term-end examination. The University also introduces Term End Examination in the form of Multiple Choice Questions in all the non -credit courses. The results declaration time frame is fixed, within 60 days of last examination, all the results will declare and immediately upload printed format of mark sheet on university web site. There is no provision for appeal against the evaluation, however, only scrutiny is allowed. The mechanisms for security of the documents are done by keeping of all evaluated copies at University level itself. The 13 convocations have been successfully completed. Convocation is organized every year mostly in the month of November. (e) Research Innovation and Extension: Since decade UPRTOU had produced quality research. State of art library had more than 2 lakhs books for learners. E-library was also situated in the main campus. One can access online journals which help in research and development in the same way as in conventional mode. University also implemented its own OER (Open Education Recourse) Policy. It shall promote and implement the creation, reuse, remix, repurpose and redistribution of Open Educational Resources (OER) within an Open Licensing framework and other terms and conditions as laid down by the University time to time. The print and digitized content developed by UPRTOU through its faculty members or from outsourced academicians shall available as Open Educational Resources with no or limited restrictions as decided by statutory bodies of the University time to time for creation, adoption, integration, sharing, re-arranging, re-using, re-purposing and translation of Open Educational Resources in course design, development and delivery in distance as well as an e-learning environment for achieving increased quality and cost-efficiency. (f) Resource Mobilization: University uses the expertise of teachers who are working in university as well as outside. One who fulfils the eligibility for being a guide, university keeping the set standards appoints them as guide. Presently Research work is abandoned due to UGC guidelines for ODL (g) Governing agency: The regulatory bodies for recognition of the general and professional courses are UGC, AICTE, NCTE, RCI etc same as of conventional university. (h) Administration: Being a State Open University of the Uttar Pradesh, the rules and regulations for appointment of faculty, non academic staff are followed in the same way as appointed by the different state university.
