APPENDIX-I: Detailed Programme structure & syllabus

APPENDIX-II: Guidelines for Research Project and Internship and Domain areas

### 1. Masters Degree Programme

The National Education Policy (NEP) 2020 envisions a new vision that enable an individual to study one or more specialized areas of interest at a deep level, and also develop capabilities across a range of disciplines. The NEP 2020 focuses on the formulation of expected learning outcomes for all higher education programmes. It states that "National Higher Education Qualifications Framework (NHEQF)" shall be align with the National Skills Qualifications Framework (NSQF) to ease the integration of vocational education into higher education. It also points out that higher education qualifications leading to a degree/diploma/certificate shall be described by the NHEQF in terms of Outcome Based Education (OBE).

The design of M.B.A under UGC Choice Based Credit System (CBCS) programme in line with NHEQF offers opportunities and avenues to learn core subjects but also to explore additional avenues of learning beyond the core subjects for holistic development of a learner.

The salient advantages of the choice-based credit system are as follows:

- CBCS allows learner to choose inter-disciplinary, intra-disciplinary courses, skill-oriented courses (even from other disciplines according to their learning needs, interests and aptitude) and have more flexibility.
- CBCS offers flexibility for learner to study at different times and at different institutions to complete one course (ease of mobility of learner). Credits earned at one institution can be easily transferred to other universities.
- Learner may undertake as many credits as they can cope with without repeating all the courses in a given semester if they fail in one/more courses.
- Shift in focus from the teacher-centric to learner-centric education.

The uniform grading system will also enable potential employers in assessing the performance of the learner. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on learner's performance in examinations, guidelines framed by the UGC are followed. Hence, adoption of NHEQF helps to overcome the gap between university degree and employability by introducing skills and competencies among the P.G. Learners.

# 2. M.B.A Programme

One of the precious Masters Degree offered by the School of the Management Studies. A candidate having Graduation in any Discipline with 50% Marks (45% Marks for the SC/ST Candidates) Or Three years Managerial / Supervisory or Working Experience after completing Graduation in any Discipline is eligible to take an admission in M.B.A Programme. The students have to complete a total of 24 papers of 144 credits including a project report work and one paper of foundation course (Non Credit) must be completed.

Following are the important information of this programme:-

- The duration of the MBA program is Min. 2 years and Max. 4 years.
- Re-registration : Only for one year after 4 years maximum duration
- The entire program has been divided into four semesters. For 1st, 2nd & 4th semester all papers are compulsory where as in the 3rd semester a student has to take any set of 4 elective papers together with two compulsory papers as mentioned in the above table
- Industrial Training Report: In the 4th semester a student has to submit a report on any corporate/ industrial issue with following important considerations:
  - A. The Report supervisor can be any MBA or equivalent qualified person from the industry or academia with sufficient experience in the respective field.
  - B. The Industrial Training Report must contain following contents.
    - i. Company/ Organization/ Institution Profile
    - ii. Objective of the Training
    - iii. Research Methodology
    - iv. Introduction about the research problem
    - v. Questionnaire
    - vi. Analysis (using various statistical tools and diagrammatic representation etc.)
    - vii. Findings & Conclusion
    - viii. Recommendations
    - ix. Bibliography

- C. The Industrial Training Report must contain a covering page mentioning the title of the study, university name & logo, Name and enrollment of the student & Name and organization of the supervisor with their respective signatures.
- D. The evaluation of every paper shall be in two parts that is 30% internal marks through writing assignment papers at home, uploaded in university web site within a given time framework (Students will submit their semester assignments in prescribed copies to department (SOMS) at Prayagraj and 70% external marks through terminal examinations in examination centers nearby you, which is notified by university before the commencement of semester examination.
- E. The structure and duration of postgraduate programme (Masters in Business Administration) in accordance with NEP 2020 --
  - A Masters Degree after completing 2 years (4 semesters) of study with chosen specialized in third semester.

# 2.1 Programme Mission & Objectives

In line with the mission of the University to provide flexible learning opportunities to all, particularly to those who could not join regular colleges or universities owing to social, economic and other constraints, the 2-year M.B.A. Programme aims at providing holistic and value based knowledge and guidance to promote managerial skills in day to day work life in their working organization to make them professional . The program offers a platform to the learners to fulfill the eligible criteria in various jobs in both government and private sectors especially in New Make in India business scenario.

The Programme aims at the following objectives:

- 1. To provide a sound academic base from which an advanced career in the field of Management can be developed.
- 2. To provide basic understanding about managerial skills among learners.
- **3.** To develop academically competent and professionally motivated personnel, equipped with objective, creative thinking, right moral and ethical values that compassionately foster managerial temper with a sense of social responsibility.
- 4. To enable the learners to become globally competent.
- 5. To inculcate entrepreneurial skills among learners

# 2.2 <u>Relevance of the Programme with Mission and Goals</u>

The 2-year M.B.A. Programme is designed with the objective of equipping learners to cope with the emerging trends and challenges in the Business and Managerial domain and Digital era. In congruence with goals of the University the Programme also focuses to provide skilled Managerial Executives to the Business organizations to meet global demands and competition. The Programme is designed with five specialization in management viz- Human Resource Management, Marketing Management, Financial Management, Production Management and Information and Technology Management, so that a successful learner can go for higher jobs in any one of the major specialized field of his/ her choice. The Programme also aims at making the learners fit for taking up various jobs.

# 2.3 Nature of Prospective Target Group of Learners

The Program is targeted to all individuals ready to opt Masters Degree in the field of Management for Corporate employment, further higher education, promotion in career, professional development and Entrepreneurship.

# 2.4 <u>Appropriateness of Programme to be conducted in ODL mode to acquire specific</u> <u>skills & competence</u>

#### **Learning Outcomes**

Learning Outcomes	Elements of the descriptor	(P.G. Degree in Management)
LO 1	Knowledge and understanding	<ul> <li>comprehensive, factual, theoretical, and specialized knowledge in multidisciplinary contexts with depth in the underlying principles and theories.</li> <li>knowledge of the current and emerging issues and developments.</li> </ul>
LO 2	Skills required to perform and accomplish tasks	• Acquire cognitive and managerial skills for selecting and using relevant methods, tools, and materials to assess the appropriateness of approaches to solving problems associated with the day to day management practices.
LO 3	Application of knowledge and skills	• Apply the acquired knowledge, and a range of cognitive and practical skills to select and use basic methods, tools, materials, and information to generate solution s to specific problems relating to the management.
LO 4	Generic learning outcomes	<ul> <li>listen carefully, read texts related to the management and present information in a clear and concise manner.</li> <li>express thoughts and ideas effectively in writing and orally and present the results/findings of the case studies carried out in a clear and concise manner to different target groups.</li> <li>meet own learning needs relating to application of Management concepts.</li> <li>pursue self-directed and self-managed learning to upgrade knowledge and skills required to pursue higher level of education and training.</li> <li>gather and interpret relevant quantitative and qualitative data to identify problems,</li> <li>critically evaluate the essential theories, policies, and practices by following managerial approach to knowledge development and take actions to generate solutions to specific problems associated with the Management applications.</li> <li>make judgement and take decision, based on analysis of data and evidence, for formulating responses to issues/problems associated with the managerial problem.</li> </ul>
LO 5	Constitutional, humanistic, ethical and moral values	• embrace constitutional, humanistic, ethical, and moral values and
LO 6	Employment ready skills, and entrepreneurship skills and mindset	<ul> <li>perform effectively in a defined job relating to the management skills.</li> <li>ability to exercise responsibility for the completion of assigned tasks.</li> <li>take up job/employment or professional practice requiring the exercise of full personal responsibility for the completion of tasks and for the outputs of own work.</li> <li>exercise self- management within the guidelines of study and work contexts.</li> </ul>

# 2.5 Instructional Design

### 1. 2-year M.B.A. Programme Structure

The University follows the credit system in all its programmes. One credit is equal to 30 hours of learner's study time which is equivalent to 15 lectures in conventional system. To earn a Master's Degree, a learner has to earn 144 credits in four semesters (two years) with 36 credits per semester. For earning 144 credits, a learner has to opt from the following categories of courses:

- (a) Discipline Specific Core Courses
- (b) Discipline Specific Elective Courses (DEC)
- (c) Skill Enhancement Courses (SEC) Industrial Training and Viva- Voce

#### Explanation of terms used for categorization of courses:

- A. **Discipline Specific Core Courses:** A course, which should compulsorily be studied by a learner as a core requirement is termed as a Core course.
- B. Elective Course (DE): Generally, a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.
- C. Industrial Training/Viva-Voce/ Survey/ Research Project/ Field Work/Apprenticeship/ Dissertation/Internship: An elective course designed to acquire special/advanced knowledge, such as supplement study/support study to a project work, and a learner studies such a course on his own with an advisory support by a counsellor/faculty member. Currently, Literature survey and Research Project in 4<sup>th</sup> semester respectively is offered under code; MBA4.5 and MBA4.6.
- 2. Course curriculum: The details of syllabus is given in Appendix-I

**3. Language of Instruction:** English. However, learner can write assignment and give Term End Examination (TEE) either in Hindi or English.

Duration of the Programme Minimum duration in years: 02

Maximum duration in years: 04

✤ Faculty & Support Staff requirement

Professor (1), Associate Professor (2), Assistant Professor (2) and support staff (2)

# 2.6 Instructional Delivery Mechanisms

The Open University system is more learner-oriented centric and the learner is an active participant in the teachinglearning process. Most of the instructions are imparted through distance rather than face-to-face communication.

The University follows a multi-media approach for instruction. It comprises of:

- self-instructional printed material (Self Learning Material)
- audio and video lectures
- face-to-face counselling
- assignments
- Industrial Training /Internship
- Project work in some courses
- teleconference/web conference
- Web Enabled Academic Support Portal
- e-GYANSANGAM (Open Educational Repository)

### 1. Self-Learning Material

The Self Learning Material (SLMs) are prepared in line with the UGC guidelines on preparation of SLMs. The prepared study materials are self-instructional in nature.

The course material is divided into blocks. Each block contains a few units. Lessons, which are called Units, are structured to facilitate self-study. The units of a block have similar nature of contents. The first page of each block indicates the numbers and titles of the units comprising the block. In the first block of each course, we start with course introduction. This is followed by a brief introduction to the block. After the block introduction, emphasis is given on contribution of ancient Indian knowledge into that specific course. Next, each unit begins with an introduction to talk about the contents of the unit. The list of objectives are outlined to expect the learning based outcome after working through the unit. This is followed by the main body of the unit, which is divided into various sections and sub-sections. Each unit is summarized with the main highlights of the contents.

Each unit have several "Check Your Progress" Questions and Terminal Questions /exercises. These questions help the learner to assess his/her understanding of the subject contents. At the end of units, additional

references/books/suggested online weblink for MOOCs/Open Educational Resources for additional reading are suggested.

## 2. Audio and Video lectures

Apart from SLM, audio and video lectures have been prepared for some courses. The audio-video material is supplementary to print material. The video lectures are available at YouTube channel of university (http://.....)

### 3. Counselling Classes

The face to face (F2F) counselling classes are conducted at head quarter, as well as online mode also. The purpose of such a contact class is to answer some of questions and clarify the doubts of learner which may not be possible through any other means of communication. Well experienced counsellors provide counselling and guidance to the learner in the courses that (s)he has chosen for study. The counselling sessions for each of the courses will be held at suitable intervals throughout the whole academic session. The time table for counselling classes are displayed at Department, as well as University website. However, attending counselling sessions is not compulsory. It is noted that to attend the counselling sessions, learner has to go through the course materials and note down the points to be discussed as it is not a regular class or lectures.

### 4. Assignments

The purpose of assignments is to test the comprehension of the learning material that learner receives and also help to get through the courses by providing self-feedback to the learner. The course content given in the SLM will be sufficient for answering the assignments.

Assignments constitute the continuous evaluation component of a course. The assignments are available at the SLM section of the home page of university website. In any case, learner has to submit assignment before appearing in the examination for any course. The assignments of a course carry 30% weightage while 70% weightage is given to the term-end examination (TEE). The marks obtained by learner in the assignments will be counted in the final result. Therefore, It is advised to take assignments seriously. However, there will be no written assignments for M.B.A 4.5 and 4.6

# 5. Industrial Training/ Internship

Industrial Training/ Internship are an integral component of the M.B.A. programme. While designing the curricula for training , particular care has been taken to weed out experiments not significant to the present-day state of the discipline. Importance has been given to the utility of an experiment with respect to day to day application of managerial concepts, development of experimental skills, and business applications. It is planned to phase the training programme during suitable periods (such as summer vacations) so that in-service persons can take them without difficulty. Training programme worth 6 credits. During this time a learner has to work for around 60 hours. Around 40 hours would be spent on experimental work and the remaining time will be used for doing calculations, preparations of records, viewing or listening to the video/audio programmes.

The guidelines for internship is mentioned in Appendix- II

### 6. <u>Teleconference/Web conference</u>

Teleconference/web conference, using done through ZOOM/webex in form of online special counselling sessions is another medium to impart instruction to and facilitate learning for a distance learner. The students concerned would be informed about the teleconferencing schedule and the place where it is to be conducted by sending bulk SMS.

### 7. <u>Web Enabled Academic Support Portal</u>

The University also provide Web Enabled Academic Support Portal to access the course materials, assignments, and other learning resources.

# 8. <u>e-GYANSANGAM</u>

The e-GYAMSANGAM (UPRTOU-OER REPOSITORY) is an open access platform for educational resources that rely on the concept of 5Rs namely; Reuse, Revise, Remix, Retain and Redistribute. Uttar Pradesh Rajarshi Tandon Open University in support with Commonwealth Educational Media Centre for Asia initiated the implementation of philosophy behind the NEP-2020 to provide equitable use of technology to support learners (SDG4). This not only ensure inclusive and equitable quality education opportunities but also provide faculty to repurpose high quality open educational resources (OER) such that innovative, interactive and collaborative learning environment is built. UPRTOU believes the philosophy of Antyoday (reaching to last person of the society) and facilitate the learner by providing Self Learning Materials, Lecture Notes, Audio/video Lectures, Assignments, Course materials etc. through face-to-face mode as well as distance mode. This e-GYANSANGAM depository will fulfill the educational facilities through equitable use of technology to the learners.

### **Objectives**

- To provide low-cost access model for learners. To foster the policy of reaching to unreached.
- To break down barriers of affordability and accessibility of educational resources.
  - To give faculty the ability to customize course materials for learners.
- To provide equal access to affordable technical, vocational and higher education resources (SDG 4.3).
- To provide ubiquitous access to anyone. This will facilitate the quick availability of educational resources and reduces time.
- To supplement Self Learning Material (SLM).
- To reduce the mentor-mentee gap as depository provide access to number of local access as well as global access to educational resources.

# 9. Learner Support Service Systems

#### (a) SOMS (School of Management Studies)

SOMS has following major functions:

- (i) **Counselling:** Counselling is an important aspect of Open University System. Face to face contact-cum-counselling classes for the courses will be provided at the SOMS. The detailed programme of the contact-cum-counselling sessions will be sent to the learner by the Coordinator of the Programme. In these sessions learner will get an opportunity to discuss with the Counsellors his/her problems pertaining to the courses of study.
- (ii) **Evaluation of Assignments:** The evaluation of Tutor Marked Assignments (TMA) will be done by the Counsellors at the SOMS. The evaluated assignments will be returned to the learner by the Coordinator of Programme with tutor comments and marks obtained in TMAs. These comments will help the learner in his/her studies.
- (iii) **Library:** SOMS will have a library having relevant course materials, reference books suggested for supplementary reading prepared for the course(s). Central library of university also issue login password to learners to access online value-added services.
- (iv) **Information and Advice:** The learner will be given relevant information about the courses offered by the University. Facilities are also provided to give him/her guidance in choosing courses.
- (v) **Interaction with fellow-learners:** In the SOMS, learner will have an opportunity to interact with fellow learners. This may lead to the formation of self-help groups.

### (b) Learner Support Services (LSS)

The University has formed an LSS cell at the head quarter. The LSS cell coordinate with the learners to get rid of any problem faced by them.

# 2.7 Procedure for admissions, curriculum transaction and evaluation

### \* Admission Procedure

- (a) The detailed information regarding admission test will be given on the UPRTOU website and on the admission portal. Learners seeking admission shall apply online.
- **(b) Eligibility:** Graduation in any Discipline with 50% Marks (45% Marks for the SC/ST Candidates) Or Three years Managerial / Supervisory or Working Experience after completing Graduation in any Discipline.
- **Programme Fee** Rs. 18000/year. The fee is deposited through online admission portal only.

#### ✤ Evaluation

The evaluation consists of two components: (1) continuous evaluation through assignments, and (2) term-end examination. Learner must pass both in continuous evaluation as well as in the term-end examination of a course to earn the credits assigned to that course. For each course there shall be one written Terminal Examination. The evaluation of every course shall be in two parts that is 30% internal weightage through assignments and 70% external weightage through terminal exams.

(a) Theory course	Max. Marks
Terminal Examination	70
Assignment	30
Total	100
(b) Industrial Training:	Max. Marks
Project Report	100
(c) Viva-voce	Max. Marks
Viva	100

The following 10-Point Grading System for evaluating learners' achievement is used for CBCS programmes:

Letter Grade	Grade Point	% Range
O (Outstanding)	10	91-100
A/ (Excellent)	9	81-90
A (Very Good)	8	71-80
B/ (Good)	7	61-70
B (Above Average)	6	51-60
C (Average)	5	41-50
P (Pass)	4	36-40
NC (Not Completed)	0	0-35
Ab (Absent)	0	
Q	Qualified	Applicable only for Non-Credit
NQ	Not Qualified	courses

#### **10-Point Grading System in the light of UGC-CBCS Guidelines**

Learner is required to score at least a 'P' grade (36% marks) in both the continuous evaluation (assignments) as well as the term-end examination. In the overall computation also, learner must get at least a 'P' grade in each course to be eligible for the M.B.A. degree.

#### **Computation of CGPA and SGPA**

(a) Following formula shall be used for calculation of CGPA and SGPA

For jth semester	where,
SGPA (Sj) = $\Sigma$ (Ci *Gi)/ $\Sigma$ Ci	Ci = number of credits of the ith course in jth semester $Gi =$ grade point scored by the learner in the ith course in jth semester.
$CGPA = \Sigma (Cj *Sj) / \Sigma Cj$	where, Sj = SGPA of the jth semester Cj = total number of credits in the jth semester

The SGPA and CGPA shall be rounded off up to the two decimal points. (For e.g., if a learner obtained 7.2345, then it will be written as 7.23 or if s(he) obtained 7.23675 then it be will written as 7.24)

CGPA will be converted into percentage according to the following formula:

Equivalent Percentage = CGPA \* 9.5

(b) Award of Division

The learner will be awarded division according to the following table:

Division	Classification
1 <sup>st</sup> Division	6.31 or more and less than 10 CGPA
2 <sup>nd</sup> Division	4.73 or more and less than 6.31 CGPA
3 <sup>rd</sup> Division	3.78 or more and less than 4.73 CGPA

## 2.8 Cost estimate of the programme and the provisions

2-year M.B.A. programme consists of 40 courses . One course is of 6 credits which consists of approx. 190 units. The total approximated expenditure on the development of 40 courses are:

S. No.	Item	Cost per Unit (writing	Total cost (Rs.)
		& editing)	
1	Total no. of units in $38 \text{ courses} = 760$	6000	4560000
2	BOS Meetings etc.	300000	300000
		Total	4860000

### 2.9 Quality assurance mechanism and expected programme outcomes

(a) **Quality assurance mechanism:** The program structure is developed under the guidance of the Board of studies comprising external expert members of the concerned subjects followed by the School board. The program structure and syllabus is approved by the Academic Council of the University. The course structure and syllabus is reviewed time to time according to the feedback received from the stakeholders and societal needs.

The Centre for Internal Quality Assurance will monitor, improve and enhance effectiveness of the program through the following:

- ✓ Annual academic audit
- ✓ Feedback analysis for quality improvement
- ✓ Regular faculty development programs
- ✓ Standardization of learning resources
- $\checkmark$  Periodic revision of program depending upon the changing trends by communicating to the concerned school

# Format of Syllabus for [MBA]: Subject: [Database Management System]

Course prerequ	isites: None	
Programme: MBA	A Year: 2022	Semester: III
	Group Information Technology	Semester. III
Course Code: ME		abase Management System
Course Objectives		xouse management bystem
• To preser organize,	nt an introduction to database manag maintain and retrieve - efficiently, a	gement systems, with an emphasis on how to and effectively - information from a DBMS.
Database	application and to understand the pr	lysis and design in the implementation of any rocess of drawing the ER-Diagrams.
	er the basics of SQL and construct qu	-
	-	nsaction processing and concurrency control.
	iar with database storage structures	and access techniques.
Course Outcomes CO1: Learner system	will be able to describe the fundame	ental elements of relational database management
model	l, relational database design, relatior	0
	6	represent simple database application scenarios
		el to relational tables, populate relational database
	ormulate SQL queries on data.	
	will be able to Improve the database	
		latabase storage structures and access techniques:
file an	nd page organizations, indexing met	hods including B tree, and hashing.
Credits: 6		Type of Course: Core/Elective (Elective)
Category of Cour	rse (Please mention category of	Awareness/ life skills / soft skills/ value-added
	ave more than one option)	/ employability/ entrepreneurship/ skill
Max. Marks: 70	Min Dessing Mart	development/ MOOCs or OER
	Min. Passing Mark	vise; No of blocks and units may change)
Block 1	Basic Components of DBMS	ise, No of blocks and units may change)
DIUCK I		ment System, Examples, Characteristics of the
	e e	of using a Database Approach. Database System
		Data Models, Schemes and Instances, DBMS
Unit I	1	lence, Database Languages, Procedural and Non-
	1	Interfaces. Database System Environment,
	Classification of Database Mana	
Unit II		ng using the ER Model., Using High-Level
		tabase design, An example Database Application,
	÷	utes and keys, Relationships, Relationship types,
		, Week Entity types, Refining the ER Design for
		agrams, naming conventions and design Issues,
	Conversion of ER Diagram to ta	• • •
Unit III		lational Data Model, Relational constraints. the
		al Model Concepts, Relational concepts and
		Update Operation and Dealing with Constraints
		Design, Using ER-to-Relational Mapping.
Block 2	Query Language and Database D	

Unit V	Structured Query language: Data definition, Constraints and Schema changes in SQL 2, Basic Quires in SQL, More Complex SQL Quires, Insert, Delete and Update Statements in SQL, views(Virtual Tables) in SQL, Specifying general constraints as Assertion features of SQL. Integrity constrains, Triggers, Functional dependencies.
Unit VI	Functional Dependency Theory
Unit VII	Normalization: Functional Dependencies and Normalization for Relational Database, Informal Design Guidelines for Schemes, Functional Dependencies, Normal Forms based on Primary keys, General Definitions of Second and Third Normal forms, Boyce Codd Normal form, Relational Database Design Algorithms and Further Dependencies, Algorithms for Relational Database Schema Design, Multi-valued Dependencies and Fourth Normal Form, Join Dependencies and Fifth Normal Form, Inclusion Dependencies, Other Dependencies and Normal Forms. Emerging Trends in DBMS Introduction to object oriented Database Management System, Introduction to client/Server Database, Introduction to Distributed Database, Introduction to Knowledge Databases.
Block 3	Transactional Management And Emerging Databases
Unit VIII	Transaction Processing Concepts: Introduction to Transaction Processing, Transaction and System Concept, Desirable properties of Transactions, Scheduling and Recoverability, Serializability of Scheduling, Transaction Support in SQL, Concurrency control techniques, Concurrency techniques for concurrency control, concurrency control based on timestamp based protocol, validation based protocol, deadlock handling, Database Recovery Techniques based on Immediate Update, Failure classification, Shadow Paging, Log based recovery, failure with loss of Nonvolatile Storage.
Unit IX	Emerging Trends in DBMS

#### Annexures

- A. Student internship program application format
- B. Domains/ Areas available for Internship
- C. Format for request letter from institute to Internship Provider Organization (IPO)-I
- D. Format for request letter from institute to Internship Provider Organization (IPO)-II
- E. Student Joining Letter Format
- F. Student Daily Diary (Log) Recording Format
- G. Format for Supervisor Evaluation of Intern
  - H. Student Feedback of Internship (To be Filled by Students after Internship Completion)

#### Maximum Marks 100

- Learner had to submit a Dissertation under the supervision of a guide who is faculty member on a related topic of commerce.
- Three copies of dissertation is to be prepared by the learner, two copies to be submitted and one copy should be kept by the learner after the signature of the guide.
- The learner should take the topic from the concern faculty after completion of  $2^{nd}$  semester.
- For any query learner can contact the course coordinator between 10AM to 5 PM.

The Dissertation Report must contain following contents.

- i. Company/ Organization/ Institution Profile
- ii. Objective of the Training
- iii. Research Methodology
- iv. Introduction about the research problem
- v. Questionnaire
- vi. Analysis (using various statistical tools and diagrammatic representation etc.)
- vii. Findings & Conclusion
- viii. Recommendations
- ix. Bibliography

#### 1. Introduction

The National Education Policy (NEP) 2020 envisages the promotion of quality research within the Higher Education system. Research and innovation are two inherently important aspects to ensurequality education by the Higher Education Institutions (HEIs). Internship at Postgraduate Level is expected to play a vital role in accelerating inter disciplinary/multi-disciplinary and translational research culture embedded in NEP 2020. The internship program mainly focuses on employability of learners and specified the outcomes by competencies desired at industrial centers.

#### 2. Objectives

Following are the objectives of the Internship

- **2.1** To allow real time industry exposure of learners as a part of completion of Post Graduate Degree programme.
- 2.2 To engage learners and acquire the job-specific skill to enter into the workforce.
- **2.3** To promote academic, professional developments.
- **2.4** To identify collaborating HEIs/ organizations/industries/ Research centers etc. for supporting internship programme.
- **2.5** To give learners an exposure to the societal challenges through internships and getting themtrained to enter into workforce.

#### 3. Internship Framework

- 3.1 The internship will be on unpaid basis.
- **3.2** The internship shall be called as "UPRTOU Internship".
- **3.3** The Internship shall be provided to the learner applies to the In-charge Training & Placement Cell to undergo internship in domain areas specified by UPRTOU or chosen his/her own domain area. A list of domains/areas for which Internship is proposed is enclosed as Annexure 'I'.

#### 4. Eligibility

Bonafide learners of UPRTOU, fulfilling following conditions are eligible to apply lor the internship:

**4.1** Post-graduate learners, having completed/appeared in the term end exams of first year / 2<sup>nd</sup> semester, of the post-degree degree programme;

**4.2 Period**: The period of Internship shall be at least six weeks but not exceeding six months. Internsnot completing the requisite period will not be issued any certificate.

#### 4.3 Mode of Execution

Internship may be done through following verticals:

- I. Full time Industry Internship cum project
- II. Full time research internship at research organization/ Indian University/ Foreign University
- III. Short duration (4-8 weeks) internship in industry with in house project

IV. Internship accounted through incubation centre (Project Prototype through entrepreneurdevelopment and start-up)

- **4.4 Experience Certificate**: A certificate regarding successful completion of internship shall be issued by the Adviser of the Internship Provider Organization (IPO) in the enclosed format at Annexure 'II'.
- **4.5 Logistics & Support**: Interns will be required to have their own laptops. UPRTOU shall provide them related organization.

#### 4.6 Procedure for Applicants & other modalities

- (a) A learner is supposed to pass the 2nd (1st year) semester of degree programme.
- (b) Applicants must also clearly indicate the area of interest.
- (c) The applicants who do not fulfil the eligibility conditions, their applications shall be rejected by the system automatically.
- (d) All the applications received online will be made available online to the I/c Training & Placement Cell, concerned Director of School of Studies, Programme Coordinator of concerned programme, I/c Admission Cell, Controller of Examination for further knowledgeof learner's status.
- (e) The T&P cell will arrange internship for learner's in industries/organization
- (f) The following general procedure shall be adopted for execution of internship:
  - (i) Step 1: Request Letter/ Email from the office of Training & Placement cell of the institute shall be sent to the industry/other HEI/organization to allot different slotsof 8-10 weeks after 2<sup>nd</sup> semester as internship periods for the learners.Learner's request letter/profile/ interest areas will be submitted to industries/other HEI/organization for their willingness for providing the training. (Sample attached)
  - (ii) Step 2: Industry/other HEI/organization will confirm the training slots and the number of seats allocated for internships via Confirmation Letter/ Email. The industry/other HEI/organization will be requested to allot adviser/mentor/supervisor for communication between adviser/mentor/supervisor and learner's. In case the learners arrange the training themselves the confirmation letter will be submitted by the learners to the office of

the Training & Placement. Based on the number of slots agreed by the Industry, Office of Training & Placement will allocate the learners to the concerned industry. In addition, the internship slots may be conveyed through Telephonic or Written Communication (by Fax, Email, etc.) by T&P cell / Faculty members who are particularly looking after the Internship of the learners.

- (iii) Step 3: Learner's on joining Internship Training at the concerned Industry / Organization, will submit the Joining Report/Letters / Email to the Office of Training & Placement and Director of concerned school who will also communicate to the concerned programme coordinator to know the current status of learner.
- (iv) **Step 5:** Learners will submit internship report in the format provided by the institute/other HEI/organization after completion of internship along with certificate obtained from the industry/other HEI/organization.

#### 4.7 Attendance

While doing internship, the candidate should have a minimum of 75% attendance and they have tomark In and Out time on daily basis. In case of less than 75% attendance no extension of internshipperiod is allowed and no experience certificate will be issued. The attendance record and the details of work supervision shall be maintained by the Internship Provider Organization (IPO) and after completion of internship, a copy of attendance will be sent to Office of Training & Placement of UPRTOU.

#### 5. Internship and Academic Credentials

Internship aims at providing hands on training in tools, techniques, methodologies, equipment's andlearning various other aspects. The intern can work with faculty/scientists in HEIs, Research Institutions, Industrial research labs, nationally reputed organizations and individual persons distinguished in specific fields (Draftsmen, artisans, musicians, artists, choreographers, carpentry, forging etc.). Such experience will help learners to build competence and capability, acquire professional working skills, expertise, and confidence to enter into the workforce while choosing exit option.

#### (a) Academic credit

6 credit is allotted for internship.

The internships of 8-10 weeks of 6 credits, after 2nd semester, will be mandatory for the students desirous of exiting with a certificate respectively.

- For -internship, 1 credit implies a minimum 45 hours of engagement in internship activities a week. This means an engagement of 450 hours for the assigned credits of 10.
- (ii) The proposed distribution of academic credits for the internship as a part of 3 or 4 or 5-yeardegree programme will be as under.
  - I. A minimum of 10 credits of internship after first year of Degree Programme for aCertificate to be completed in two months.
  - II. A minimum of 10 credits of research internship after second year of DegreeProgramme for a Diploma to be completed in two months.
  - III. A minimum of 10 credits of research internship after third year of Degree Programme for a Bachelor's degree to be completed in two months.

#### (b) Duration and slots for internship in curriculum

Each undergraduate learner may also complete first internship of 08 weeks duration after 1<sup>st</sup> year, second internship of 08 weeks duration after 2<sup>nd</sup> year of graduate degree programme and third internship of 08 weeks duration after 3<sup>nd</sup> year of graduate degree programme.

The Duration of Internships and corresponding credits are mentioned below:

S. No.	Suggested schedule	Suggested Duration	Activities	Credits
1.	After 2nd semester/1 <sup>st</sup> year	08-10 weeks	Hands on training/Short Research Project	6

#### 6. Internship Programme Management

The Internship will be fully organised, executed and monitored by In-charge, Training & Placement Office tobe appointed by the competent authority.

#### 7. Monitoring & Evaluation of Internship

- (i) Internship Supervisor from the Internship Provider Organization (IPO) should monitorthe regularity of the intern at his/her workplace.
- (ii) Learners should preferably inform to the Internship Supervisor at least one day prior toavailing leave except emergency.
- (iii) The evaluation of internship will be carried by the internship supervisor.

#### 8. Facilitation by Internship Providing Organization (IPO)

- (i) IPO may appoint a faculty/person as Coordinator or a nodal officer to look into the matter of facilitating the interns on arrival with registration, identity cards/ library cards/ internet subscription / any other specific requirements, accommodation etc.
- (ii) At the end of the internship, the nodal officer will ensure issuing completion certificates to he intern.
- (iii) The nodal officer may take care of the interns during their stay and address their problems, if any.

#### Format for request letter from University to Internship Provider Organization (IPO)-I

To,

Subject: Request for \_\_\_\_\_weeks industrial training/Internship for <Programme Name>

Dear Sir,

The U.P. Rajarshi Tandon Open University, Prayagraj established under the Act No. 10/1999 of U.P. Government Legislature is the only State Government University of Open and Distance Learning (ODL) mode. The University is committed and dedicated to increasing access to quality higher education through appropriate use of open and distance learning methods and lifelong learning opportunities through its 12 regional centres and more than 1,250 study centres across the State. The University is dedicated to facilitate and promote studies and research in emerging areas of higher education with focus on new frontiers in science, arts and social sciences, agriculture, commerce and management studies, health sciences and non-conventional energy sources to achieve excellence in these and connected fields.

You may be aware that NEP-2020 focuses on internship and job specific training courses and programmes for Bachelors as well as at Post Graduate level.

In view of the above, I request your good self to allow our following <u>(no. of students)</u> learners for practical training in your esteemed organization. Kindly accord your permission and give at least one-week time for students to join training after confirmation.

Sr. No.	Name	Enrolment No.	Year	Programme Name

If vacancies exist, kindly do plan for Campus/Off Campus Interview for \_\_\_\_\_\_ batch passing out students in above programmes.

A line of confirmation will be highly appreciated. With warm regards,

Yours sincerely,

Training & Placement Officer

UPRTOU, Prayagraj

## Student Feedback of Internship (To be Filled by Learner after Internship Completion)

Student	Name:	Date:
Industrial	Supervisor:	Title:
		Internship is: Paid / Unpaid
		Department: To
***Please f	fill out the above in full deta	il***
Give a bri responsible	· ·	ternship work (title and tasks for which you were
Was your in	nternship experience relate	d to your major area of study? (Tick any one)
	Yes, to a large degree	
	Yes, to a slight degree	
]	No, not related at all	

Indicate the degree to which you agree or disagree with the following statements.

This experience has:	Strongly agree	Agree	No opinion	Disagree	Strongly disagree
Given me the opportunity to explore a career field					
Allowed me to apply classroomtheory to practice					
Helped me develop my decision- making and problem-solving skills					
Expanded my knowledge about the work world prior to permanent employment					
Helped me to develop my written andoral communication skills					
Provided a chance to use leadershipskills (influence others, develop ideas with others, stimulate decision- making and action)					
Expanded my sensitivity to the ethical implications of the work involved					
Made it possible for me to be more confident in new situations					
Given me a chance to improve my interpersonal skills					
Helped me learn to handle responsibility and use my timewisely					

This experience has:	Strongly agree	Agree	No opinion	Disagree	Strongly disagree
Helped me discover new aspects of myself that I didn't know existed before					
Helped me develop new interestsand abilities					
Helped me clarify my career goals					
Provided me with contacts which may lead to future employment					
Allowed me to acquire information and/ or use equipment not available at my Institute					

In the University internship program, faculty members are expected to be mentors for learners.Do you feel that your faculty coordinator served such a function? Why or why not?

How well were you able to accomplish the initial goals, tasks and new skills that were set down in your learning contract? In what ways were you able to take a new direction or expand beyondyour contract? Why were some goals not accomplished adequately?

In what areas did you most develop and improve?

What has been the most significant accomplishment or satisfying moment of your internship?

What did you dislike about the internship? (if any)

Considering your overall experience, how would you rate this internship? (Tick one).

(Satisfactory/ Good/ Excellent)

Give suggestions as to how your internship experience could have been improved. (Could youhave handled added responsibility? Would you have liked more discussions with your professor concerning your internship? Was closer supervision needed? Was more of an orientation required?)
